

V.I.P. Champs aims to provide young children a platform where they can communicate and learn to express themselves at many levels. Playing is an essential part of this learning process and is used to extend their boundaries through which children begin to understand themselves and the world around them. We make an endeavor to build a foundation of character through play and activities, music and events, story and rhymes, experience and observation, interaction and conversation.

Effective Teaching Methodology

Our teachers and staff background are of proven academic performance. We focus on a contemporary yet practical based learning curriculum and emphasise on value education and etiquettes, personal hygiene and eating habits, etc. We involve parents in the child's learning process.

Taking Care of the Early Years

We consider learning as a forefront activity and ensure individual focus on every child. Our pre-primary staff loves to meet the individual needs of all our children which aspire to take wings in the early years of foundation. Our staff builds a gentle yet concerned environment for children to let them know someone cares for them during school hours.
